

Trelligence Welcomes Microdesk as Affinity Authorized Reseller

Houston, TX, USA (December 23, 2008) – Trelligence, Inc., a leading provider of architectural programming and schematic design software, announced the addition of Microdesk to its growing reseller network. Microdesk has 13 offices nationwide and is one of Autodesk's leading partners. Microdesk is also an Autodesk Premier Solutions Provider, and an Autodesk Authorized Training Center.

"We are extremely pleased to have Microdesk representing Trelligence Affinity. Their AEC industry expertise in technology and workflow process aligns perfectly with Affinity's ability to integrate the architectural programming information model with the building information model," said Dino Agrella, Director of Sales for Trelligence.

Established in 1994, **Microdesk** is an authorized reseller for Autodesk, Inc. With a range of expertise at hand, Microdesk's team of engineers, surveyors, GIS analysts, facilities and asset managers, IT experts, and software developers, are able to offer services ranging from software development to consulting on business process, IT, CAD, and GIS and FM. Microdesk combines technology and business process consulting to help firms successfully plan, design, build, and operate land and buildings. For more information, visit www.microdesk.com.

About Trelligence:

Trelligence is a Houston-based software company focused on enhancing the early architectural design process with real-time design+analysis tools built on top of domain-specific knowledge templates. Targeted at the worldwide architectural, engineering, construction, and owner/developer (AECO) market, the Trelligence Affinity™ patent-pending software integrates with existing CAD and other design tools, including ArchiCAD®, Revit® Architecture, and Google SketchUp®, extending the benefits of Building Information Modeling (BIM) – faster planning, less rework, and better team communication – to the early design phase of complex building projects.
