

Architectural Programming and Schematic Design

Burt Hill – Company Description

# BURT, HILL

## **About Burt Hill**

Burt Hill is a global architecture, engineering, and design firm with a 72-year history and 1,200+ professionals networked across 14 offices. Our work reflects our commitment to design based on humanism, innovation, sophistication in building technology, and sustainability. It is our mission to design superior environments that promote our clients' goals, fulfill their needs, and reflect their unique identities. Our work in all the markets we serve – developer, corporate/commercial, hospitality, higher education, science and technology, healthcare, K-12, and residential – reflects the firm's commitment to effective, appropriate design, and a high standard of service to its clients.
